# THE Right and Wrong Way to Use the Telephone.

(ILLUSTRATED.)

**WRONG WAY.**

---

DO YOU WANT TO AVOID THAT BUSINESS TRIP AND THUS SAVE TIME AND MONEY?  
DO YOU WANT TO ORDER GOODS AND BE SURE OF SHIPMENT TO-DAY?  
DO YOU WANT TO TALK WITH FRIENDS AT HOME?  
DO YOU WISH, FOR ANY REASON, A PERSONAL INTERVIEW WITH PARTIES AT A DISTANCE?

**. . Then Use The Telephone . .**

**RIGHT WAY.**

Have you Examined the Official Directory?  
Perhaps you are not aware how many places can be reached by Telephone.

# New England Telephone and Telegraph Co.

---

## NIGHT RATE.

---

The night rate for communications between the hours of 6 P. M. and 6 A. M. will be

### One-Half the Day Rate.

The night rate will in no case be less than 15 cents, except where the day rate is 10 cents, in which case the night rate will be the same.

Further particulars may be obtained by inquiring of the Exchange Managers.

---

ABOVE RATES SUBJECT TO CHANGE  
WITHOUT NOTICE.

## For Boston and Suburban Exchanges.

# Instructions and Important Suggestions.

## DESTROY ALL PREVIOUS LISTS.

THE NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY ASSUMES NO LIABILITY WHATEVER FOR DAMAGES ACCRUING FROM ERRORS OR OMISSIONS IN THE MAKING UP AND PRINTING OF THIS BOOK.

## Rules for Calling Subscribers Connected with Boston and Suburban Exchanges.

When the office is called, the operator will say, "What number?" naming her Exchange. For example, "What number? Boston."

You will then give the name of the exchange and the number of the subscriber wanted.

The operators in all cases will repeat the number and name of the exchange required.

If the line is found in use, the operator will answer "Line busy." Otherwise she will make the connection and say "Line Connected," and the way will be open for conversation as soon as the subscriber answers the call. If the station connected fails to answer within 30 seconds, hang the telephone on the hook, and give one sharp ring. The operator will inquire "Waiting?"

Upon being informed that communication has not been established, the operator will ring a second time.

Keep the telephone to the ear until the subscriber asked for answers.

After your conversation is finished, hang up the telephone and give one short ring, as this clears the line for another call. Observance of these rules saves time for everyone.

## *Important Notice.*

It frequently happens that a number is called for and connected by the operator where the same number in another office is desired by the calling subscriber.

We earnestly request the attention of our subscribers to the importance, in order to obtain the best service, of first naming distinctly to the operator the office, "Boston," "Haymarket," "Tremont," "Newton," etc., with which the desired subscriber's line is connected.

By observing this request, our subscribers can greatly assist us in our effort to make their service prompt and satisfactory.

## *When Calling for Offices Beyond the Limits of the Suburban Exchanges,*

Give to the operator first answering your call the name of the Exchange desired. Your line will then be connected with the toll line operator, who will say "Toll line?" In reply to the toll line operator, please give your number and name, also the Exchange, name and number of the party desired.

## ANSWERING.

Answer promptly when you are called, as this is essential to good service. *By so doing you will save time for your correspondent and for other subscribers.*

## IN GENERAL.

Never leave the telephone till you have finished, as the operator will disconnect if she finds no one using it. Hold the telephone firmly to the ear. Speak in an ordinary tone of voice as close to the transmitter as possible. Always return the telephone to its proper place after using it, otherwise the Central Office cannot call you, and the batteries will be so exhausted as to seriously impair your service.

We ask and expect courteous treatment for our operators, who are forbidden to directly receive any complaints from our subscribers, because all their time should be taken up in making connections.

All persons, whether subscribers or not, must pay for use of telephone at public stations.

The use of the telephone is limited to the subscriber, his family, or employee in his interest. Subscribers have not the right to allow its use by other parties. Instruments may be removed if this condition of the lease is disregarded.

Subscribers are requested to refer those desiring the use of the telephone to the nearest PUBLIC PAY STATION.

Subscribers of the Boston, Back Bay, Haymarket, Oxford and Tremont Exchanges are connected with the Suburban subscribers without extra charge. Suburban subscribers pay an extra charge of ten cents for each connection with the Boston, Back Bay, Haymarket, Oxford or Tremont Exchanges, unless their contracts are for full Exchange service.

Subscribers wishing telephones removed are expected to give thirty days' notice in writing, in accordance with their contracts.

A residence subscriber, whose contract (except for measured service) for one year has expired, who shall request disconnection of his instrument on account of absence from his house, will be allowed a rebate of rental of 50 per cent. for the period of such absence, not, however, to exceed five months in any year. Payment of rental, as the same becomes due, will be required during absence. This does not apply to measured service subscribers.

The cost of moving instruments from one location to another will in all cases be charged to the subscriber.

**NOTICE** — During thunder showers calls will not be answered.

## TRANSFER OF INSTRUMENTS.

Transfer of instruments may be made for the accommodation of subscribers once annually from one exchange to another, for a portion of the year, at the higher of the two rates, by special arrangement, subject to the following conditions:—

That the Company will, in making a transfer, use only such facilities as it may have at its command in the locality to which such transfer is made, and cannot undertake to provide a special or limited circuit for a subscriber for the temporary use.

All expense required for construction, for such temporary use, in addition to the Company's existing facilities, shall be paid by the subscriber.

Applications for transfers should be made promptly at the Superintendent's office, upon blanks which will be provided for the purpose.

## COMPLAINTS.

Owing to the extreme sensitiveness of the telephone to many disturbing causes, even with the exercise of great care on the part of the Company's employees the instruments may work unsatisfactorily without our knowledge, and we are in great measure dependent for information of defective service upon our subscribers, who are **EARNESTLY REQUESTED TO REPORT** at once, to the Exchange Manager or by letter to the Division Superintendent, any failure to obtain prompt attention and efficient service.

In case of ordinary troubles, subscribers should first give notice to the manager of the local office, and if the trouble is not quickly remedied notify the Superintendent,

telephone "Boston, 256," who requests that he be informed of any apparent neglect on the part of any of the local offices.

The morning test call is made for the purpose of ascertaining whether any of the subscribers' lines or instruments are not in working order and require immediate attention. It is an obvious and valuable means for ensuring good service. Subscribers who object to answering this call and require its discontinuance are requested to give notice accordingly and the test call upon their especial lines will no longer be made.

Our inspectors often find that trouble which subscribers have in being heard is caused by the use of various forms of mouth-pieces, attachments which are being sold to telephone users under different names.

Subscribers are asked to decline the use of all apparatus in connection with the telephones other than that furnished by the Company under contract.

To insure prompt connections, subscribers are requested to use the latest issue of our list, as it frequently becomes necessary (on account of removals) to change numbers, although every effort will be made to retain them.

## PUBLIC PAY STATIONS.

For the information and convenience of subscribers, Public Pay Stations are listed alphabetically under the names of the persons operating the stations. Such listing does not import free service for subscribers with such stations.

## TOLL LINE CONNECTIONS.

### IN GENERAL.

The regular toll charge is for a continuous connection (circuit interruptions excepted) of not more than three (3) minutes.

### NIGHT RATE.

The night rate for communications between the hours of 6 P. M. and 6 A. M. is *one-half the day rate*, but will in no case be less than 15c., except where the day rate is 10c., in which case the night rate will be the same.

When a subscriber, who has more than one station in the same exchange, is called over a toll line, if he be not found at the first station called, the operator will, if so requested, then call his other stations, and but one toll charge will be made.

When communication is requested with a person *named* at a subscriber's station and the operator ascertains that such person is not present and for that reason communication is not established between the person calling and the person called for, a portion of the toll charge will be refunded; but if communication is had with the station called for by the person calling, the full toll charge will be made.

The operator, in addition to informing the calling station of the absence of the person with whom communication is desired, will, if requested, also state the time of his expected return, if that information is given by his station in connection with the statement of his absence, and make additional calls upon subsequent notice from the same party for the purpose of completing the connection.

If the desired conversation takes place within the same day, the regular toll charge and one reduced charge will cover the transactions; but if no communication is established between the station calling and the station called, only one reduced toll charge will be made.

All toll line connections except those for which the receiving party expressly agrees to pay are charged to the subscriber from whose instrument they originate.

Subscribers are responsible for all toll connections made from their respective stations, except as above provided.

## **INSTRUCTIONS AND IMPORTANT SUGGESTIONS.—24**

**Messenger** service is not included in toll charges. The full charge for messenger service must be paid in all cases where a messenger is sent out, whether the full toll charge is made or not.

All communications will be charged for, at the established rates.

Toll rates are subject to change without notice.

Whenever from any cause a subscriber thinks a charge should not be made, the facts must be reported to the manager within twenty-four hours or no rebate will be allowed.

Bills for toll line service will be presented monthly for payment, and parties who do not pay their bills promptly will be refused the use of toll lines.

### **FROM PUBLIC PAY STATIONS.**

When connection is established with a public pay station and a person is sent for to come to the telephone, the toll and messenger charge, if any, must be collected in advance.

If the messenger is unable to find the party desired, or the party refuses to come to the telephone, and no communication is established, or if the person sent for comes to the telephone and the sender for any reason does not stay to talk with him, a portion of the toll charge will be refunded.

### **FROM SUBSCRIBERS' STATIONS TO PUBLIC PAY STATIONS.**

When a call is made for a person to go to a public pay station telephone, and communication is established between the person called for and the station of the party calling, the full toll charge will be made, also messenger charge, if any. One toll charge only will be made for such transaction.

If the person called for is not found, or refuses to come to the telephone, a reduced toll charge and the charge for messenger service will be made.

If connection cannot be established with the calling subscriber's station, only the charge for messenger service will be made.

---

## **REPETITION OF COMMUNICATIONS.**

This Company furnishes its facilities for personal communication between parties. Repetition or assistance by the operator will be permitted only when necessary to facilitate business, and then only upon request of the party communicating, and upon the distinct understanding that the Company assumes no responsibility for error.

---

## **DELIVERY OF MESSAGES.**

The NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY assumes no responsibility for the delivery of messages by messengers beyond the amount paid by the sender for such message. Subscribers can send a fifteen-word message (one cent for each additional word) to a non-subscriber for twenty-five cents, and receive an answer without additional charge, when such message is to go within a half-mile of the delivery office. Outside of this limit the additional charge will be the regular tariff charges of District Messenger service. This applies only to offices of the Boston Exchange of the NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY. The Lynn rate is twenty-five cents for a fifteen-word message, and two cents for each additional word and Messenger Service.

Subscribers desiring messenger service will receive prompt attention by calling either of the following companies: Boston District Messenger Co., Boston, \*\*2497, office, 234 Devonshire street; Oxford, \*\*663, office, 289 Tremont street; Back Bay, \*\*633, office, basement Hotel Victoria; Mutual District Messenger Co., Boston, \*\*418, basement Old State House.

**[IT] MAY BECOME NECESSARY TO CHANGE NUMBERS.**

Subscribers should bear this in mind when having printing done, and it is suggested that the words "Connected by telephone" be used in advertising instead of the number. If, however, the number is used, the NAME of the exchange should always precede it.

**TELEGRAMS BY TELEPHONE.**

The Telephone Company permits the use of instruments and wires for placing subscribers in communication with the offices of Telegraph Companies for the purpose of sending dispatches.

The Telephone Company does not assume any responsibility for the correct transmission of messages, nor does it collect the charges for such messages.

If subscribers desire to send telegrams by telephone, they must first arrange, by personal application at the offices of the Telegraph Company with which the Telephone Company may be connected, for the reception and transmission of their telegrams and payment of the charges.

Messages received by the Telegraph Company, addressed to subscribers of the Telephone Company, can be transmitted to such subscribers within the Exchange from the telephones placed in the Telegraph Company's offices, without additional charge to the subscriber. But the Telephone Company assumes no responsibility for the correct transmission of messages, and does not collect the telegraph charges.

If subscribers desire that telegraph messages addressed to them be delivered by telephone, they should make application to the Telegraph Company for such delivery.

**ADVERTISEMENTS.**

A Subscriber's name printed in capitals refers to advertisement in the back of the Directory.

**PRIVATE LINE DEPARTMENT.**

The Private Line Service provides for the connection by telephone, at small cost, of offices or apartments in public buildings, hotels and apartment blocks, office buildings, manufactories and stores, detached shops and offices of manufacturing establishments, farm buildings, house and stables, residences, mills or business houses, separated by a distance of twenty-five miles or less.

**SPEAKING TUBE SERVICE.**

In order to meet the rapidly increasing demand for an inexpensive service for use in hotels, public buildings, stores, factories, manufacturing and business establishments of all kinds, especial attention has been given to the work of designing instruments and apparatus suitable for the rendering of the most efficient service, and we are now prepared to offer, at greatly reduced rates, the highest grade of telephone instruments and appliances for use in connection with our various systems.

One of the recent developments in telephony which presents many advantages over the ordinary methods commonly used, is that known as the "Common Battery System." For speaking tube service it has marked advantages over any other system yet devised, and will render the most excellent service. Instead of providing a separate battery for each instrument, as has been the custom heretofore, the entire plant is operated by a single set of batteries, which in many cases may not only be used for talking, but for calling purposes, thereby dispensing with the magneto generators.

## INSTRUCTIONS AND IMPORTANT SUGGESTIONS.—26

These batteries may be located at any place where they can be easily kept in order, and a less number is required than in cases where a separate battery is used for each instrument, as is necessary when other systems are employed.

Upon application to any exchange, or to the Executive Office, the Company will be pleased to furnish additional information and to prepare estimates of the cost of installing the wires, instruments and apparatus.

As we use only the best materials, and employ only competent men for installing these systems, our patrons may be assured that all work will be done in a most thorough manner.

### INSTRUMENTS AND APPARATUS.

In view of the fact that telephone instruments are of necessity of delicate construction and peculiarly subject to accidental injuries and to defects which can be found and remedied only by experts, it is our opinion that the requirements of our patrons will be better satisfied by lease, thus securing to the lessee the privilege of returning defective instruments for replacement or repair, than by the sale of the limited portion of the telephone equipment which can be sold, and the assumption by the purchaser of risks of defects and the expense of repairs and depreciation.

Users of telephones and transmitters leased from this Company secure the advantages of inventions and improved instruments which are not the subject of sale.

As the style of instruments and apparatus required will depend upon the conditions under which the system is to be operated, each case should be considered separately, and for this reason we suggest that parties desiring to lease instruments for the purposes herein described make application to the general office of the Company, stating fully their requirements.

If further information should be desired, the Company will be pleased to furnish it, upon application to its Executive Office, 125 Milk Street, Boston, Mass., or by calling for Telephone, Boston, 782.

 A Descriptive Catalogue will be mailed free to any address upon request.

---

### SPECIAL NOTICE.

Employees, authorized to examine, exchange or remove any of the Company's apparatus, are furnished with a badge of the following description:—A blue bell bearing the Company's name, a number, and the word Inspector, designating the wearer's employment.

Subscribers are earnestly requested not to allow interference with their telephone instruments unless the badge can be shown.

---

### EMERGENCIES.

In case of sickness, fire or other serious emergency, it is the wish of the Company that the persons in charge of its offices shall extend such assistance to its subscribers in the way of summoning assistance or obtaining information as they can, consistently with the performance of their regular duties. But it is understood that such services are given only as an accommodation to the subscriber, for which the Company cannot assume a new responsibility of any nature.

## POLICE CALL.

[Inserted at the request of the Police Commissioners.]

### DIRECTIONS FOR CALLING POLICE BY TELEPHONE, IN CASE OF EMERGENCY.

Enter on your *Telephone index* at your house or place of business:

**POLICE.—HAYMARKET 207.**

Telephone calls at all hours of the day and night can be rung in on this number, which calls up the office of the *SUPERINTENDENT OF POLICE*, No. 37, Pemberton Square. From there each or any Police Station can be notified by special wire.

Each Police Station is provided with a Signal System, by which an officer on any route in the city can be quickly notified of any trouble or disturbance on his route requiring the services of a Police Officer.

HARRY F. ADAMS, ROBERT F. CLARK, CHARLES P. CURTIS, Jr.	}	<i>Board of Police.</i>
---	---	-------------------------

### News of Expected Arrival of Ocean Steamships in Boston.

By arrangement with the Boston Offices of the Cunard and Dominion Steamship Co's, information received by them of the arrival of their ocean steamships off Boston Harbor, will be immediately communicated to the chief operator of the Milk Street, Boston, Exchange.

Subscribers desiring to receive notice of this news should previously call "Boston number 231."

The New England Telephone and Telegraph Company assumes no liability for failure or mistake in transmission of news, but the management of its Boston Exchange will use its best endeavors to promulgate information as above referred to.

### NON-SUBSCRIBERS.

Persons who are not Exchange subscribers can use the telephones at the offices or public pay stations at a cost of fifteen cents for each conversation of five minutes with any subscriber of the Boston or Suburban Exchanges, and regular rates to other points.

The use of subscribers' instruments by non-subscribers is not permitted, such use being in violation of the subscriber's contract.

Messenger service, when required, will be charged for in addition to the regular tariff rate.

For the accommodation of non-subscribers and the public generally, the Company has established public telephone pay stations in different parts of the city. See pages 29 to 40.

# New England Telephone & Telegraph Co.

FOR THE ACCOMMODATION OF A CERTAIN CLASS OF COMMUNICATIONS,  
HAVE ESTABLISHED A

Night Rate

between

6 P.M. and 6 A. M.

One-Half

the

Day Rate.

Minimum Night Rate is 15 cents, except  
where the day rate is less.

 Very convenient for a social chat with friends in a distant city, the making of appointments, and other uses which may occur to you.

**PUBLIC PAY STATIONS.**

For the information and convenience of subscribers, Public Pay Stations are listed alphabetically under the names of the persons operating the stations. Such listing does not import free service for subscribers with such stations.

**OWING TO THE EXTREME SENSITIVENESS OF THE TELEPHONE**

To many disturbing causes, even with the exercise of great care on the part of the Company's employes, the instruments may work unsatisfactorily without our knowledge, and we are in great measure dependent for information of defective service upon our subscribers, who are earnestly requested to report at once any failure to obtain prompt attention and efficient service.

# ALPHABETICAL LIST.

- \*\* Indicate Metallic Circuit and Long Distance Transmitter.  
 \* Indicates Metallic Circuit and Granular Button Transmitter.  
 (A) \*\* Indicates Automatic Pay Station.

## OWING TO THE EXTREME SENSITIVENESS OF THE TELEPHONE

To many disturbing causes, even with the exercise of great care on the part of the Company's employes, the Instruments may work unsatisfactorily without our knowledge, and we are in great measure dependent for information of defective service upon our subscribers, who are earnestly requested to report, at once, any failure to obtain prompt attention and efficient service.

## HANG UP THE TELEPHONE LARGE END DOWNWARD

When the conversation has been finished, and give one short ring as a signal to disconnect the wires which you have just used. This is highly important. Until such disconnection is made you cannot call again nor can another party call you.

## THE NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY

Assumes no liability whatever for damages accruing from errors in conversation or in repeating messages.

FOR THE ACCOMMODATION OF NON-SUBSCRIBERS AND THE PUBLIC GENERALLY, THE COMPANY HAS ESTABLISHED PUBLIC TELEPHONE PAY STATIONS IN DIFFERENT PARTS OF THE CITY.

## PUBLIC PAY STATIONS.

For the information and convenience of subscribers, Public Pay Stations are listed alphabetically under the names of the persons operating the stations. Such listing does not import free service to subscribers with such stations.

SUBSCRIBERS ARE RESPECTFULLY REQUESTED TO REPORT TO THE MANAGER

Any instances of incivility on the part of the operators or inspectors of instruments. While it is our aim to suppress incivility on the part of the employes, it is suggested that courtesy is equally commendable, whether practiced by the telephone employe or the subscriber,

## **SECTION II.**

---

**New England Telephone and Telegraph Company.**

---

## **OFFICIAL LIST**

**Of Subscribers Outside of Boston Division.**

**BUSY**

does not mean that the subscriber wanted is personally busy; it means that the line wanted is connected with another. Every telephone connection means *two* "busy" lines.

For Offices Outside of Boston and Suburban Exchanges.

## Instructions and Important Suggestions.

### DESTROY ALL PREVIOUS LISTS.

THE NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY ASSUMES NO LIABILITY WHATEVER FOR DAMAGES ACCRUING FROM ERRORS OR OMISSIONS IN THE MAKING UP AND PRINTING OF THIS BOOK.

### GALLING.

When the office is called, the operator will say, "What number?" naming the exchange.

You will then give the name of the exchange and the number of the subscriber wanted, the operator will at once repeat the number and name of the exchange required.

If the line is in use, the operator will answer, "Line busy." If the line is not in use, the operator will say, "Line connected." For example: A subscriber calls for Lowell 75-2. The operator repeats "Lowell 75-2." If the line is found in use, she will say, "Line busy." Otherwise she will make the connection and say, "Line connected," and the way will be open for conversation as soon as the subscriber answers the call. If the station connected fails to answer within 30 seconds, hang the telephone on the hook and give one sharp ring. The operator will inquire "Waiting?" Upon being informed that communication has not been established, the operator will then ring a second time.

After your conversation is finished hang up the telephone and give one short ring, as this clears the line for another call. Observance of these rules saves time for everyone.

In calling for connections, keep the telephone to the ear until the Exchange asked for, answers.

When calling for offices beyond the limits of the local exchange give to the operator answering your call your telephone number and name, and the exchange, number and name of party desired.

### ANSWERING.

Answer promptly when you are called, as this is essential to good service. By so doing you will save time for your correspondent and for other subscribers.

### IN GENERAL.

Never leave the telephone till you have finished, as the operator will disconnect if she finds no one using it. Hold the telephone firmly to the ear. Speak in an ordinary tone of voice as close to the transmitter as possible. Always return the telephone to its proper place after using it, otherwise the Central Office cannot call you, and the batteries will be so exhausted as to seriously impair your service.

We ask and expect courteous treatment for our operators, who are forbidden to directly receive any complaints from our subscribers, because all their time should be taken up in making connections.

All persons, whether subscribers or not, must pay for use of telephones at public stations.

The use of the telephone is limited to the subscriber, his family, or employee in his interest. Subscribers have not the right to allow its use by other parties. Instruments may be removed if this condition of the lease is disregarded.

Subscribers are requested to refer those desiring the use of the telephone to the nearest PUBLIC PAY STATION.

Subscribers wishing telephones removed are expected to give thirty days' notice in *writing* in accordance with their contracts.

A residence subscriber, whose contract (except for measured service) for one year has expired, who shall request disconnection of his instrument on account of absence from his house, will be allowed a rebate of rental of 50 per cent. for the period of such absence, not, however, to exceed five months in any year. Payment of rental, as the same becomes due, will be required during absence.

The cost of moving instruments from one location to another will in all cases be charged to the subscriber.

NOTICE— During thunder showers calls will not be answered.

## COMPLAINTS.

Owing to the extreme sensitiveness of the telephone to many disturbing causes even with the exercise of great care on the part of the Company's employees, the instruments may work unsatisfactorily without our knowledge, and we are in great measure dependent for information of defective service upon our subscribers, who are EARNESTLY REQUESTED TO REPORT at once to the exchange manager or by letter to the division superintendent any failure to obtain prompt attention and efficient service.

Our inspectors often find that trouble which subscribers have in being heard is caused by the use of various forms of mouth pieces, attachments which are being sold to telephone users under different names.

Subscribers are asked to decline the use of all apparatus in connection with the telephones other than that furnished by the Company under contract.

To insure prompt connections, subscribers are requested to use the latest issue of our list, as it frequently becomes necessary (on account of removals) to change numbers, although every effort will be made to retain them.

## PUBLIC PAY STATIONS.

For the information and convenience of subscribers Public Pay Stations are listed alphabetically under the names of the persons operating the stations. Such listing does not import free service for subscribers with such stations.

## TOLL LINE CONNECTIONS.

### IN GENERAL.

The regular toll charge is for a continuous connection (circuit interruptions excepted) of not more than three (3) minutes.

---

### NIGHT RATE.

The night rate for communications between the hours of 6 P. M. and 6 A. M. is *one-half the day rate*, but will in no case be less than 15c., except where the day rate is 10c., in which case the night rate will be the same.

When a subscriber, who has more than one station in the same exchange, is called over a toll line, if he be not found at the first station called, the operator will, if so requested, then call his other stations, and but one toll charge will be made.

When communication is requested with a person *named* at a subscriber's station and the operator ascertains that such person is not present and for that reason com-

munication is not established between the person calling and the person called for, a portion of the toll charge will be refunded; but if communication is had with the station called for by the person calling, the full toll charge will be made.

The operator, in addition to informing the calling station of the absence of the person with whom communication is desired, will, if requested, also state the time of his expected return, if that information is given by his station in connection with the statement of his absence, and make additional calls upon subsequent notice from the same party for the purpose of completing the connection.

If the desired conversation takes place within the same day, the regular toll charge and one reduced charge will cover the transactions; but if no communication is established between the station calling and the station called, only one reduced toll charge will be made.

All toll line connections except those for which the receiving party expressly agrees to pay are charged to the subscriber from whose instrument they originate.

Subscribers are responsible for all toll connections made from their respective stations, except as above provided.

Messenger service is not included in toll charges. The full charge for messenger service must be paid in all cases where a messenger is sent out, whether the full toll charge is made or not.

All communications will be charged for at the established rates.

Toll rates are subject to change without notice.

Whenever from any cause a subscriber thinks a charge should not be made, the facts must be reported to the manager within twenty-four hours or no rebate will be allowed.

Bills for toll line service will be presented monthly for payment, and parties who do not pay their bills promptly will be refused the use of toll lines.

#### FROM PUBLIC PAY STATIONS.

When connection is established with a public pay station and a person is sent for to come to the telephone, the toll and messenger charge, if any, must be collected in advance.

If the messenger is unable to find the party desired or the party refuses to come to the telephone, and no communication is established, or if the person sent for comes to the telephone and the sender for any reason does not stay to talk with him, a portion of the toll charge will be refunded.

#### FROM SUBSCRIBERS' STATIONS TO PUBLIC PAY STATIONS.

When a call is made for a person to go to a public pay station telephone, and communication is established between the person called for and the station of the party calling, the full toll charge will be made, also messenger charge, if any. One toll charge only will be made for such transaction.

If the person called for is not found or refuses to come to the telephone, a reduced toll charge and the charge for messenger service will be made.

If connection cannot be established with the calling subscriber's station, only the charge for messenger service will be made.

#### REPETITION OF COMMUNICATIONS.

This Company furnishes its facilities for personal communication between parties. Repetition or assistance by the operator will be permitted only when necessary to facilitate business, and then only upon request of the party communicating and upon the distinct understanding that the Company assumes no responsibility for error.

## DELIVERY OF MESSAGES.

The NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY assumes no responsibility for the delivery of messages by messengers beyond the amount paid by the sender for such message.

## IT MAY BECOME NECESSARY TO CHANGE NUMBERS.

Subscribers should bear this in mind when having printing done, and it is suggested that the words "Connected by Telephone" be used in advertising instead of the number. If, however, the number is used, the NAME of the exchange should always precede it.

## TELEGRAMS BY TELEPHONE.

The Telephone Company permits the use of instruments and wires for placing subscribers in communication with the offices of the Telegraph Companies for the purpose of sending dispatches.

The Telephone Company does not assume any responsibility for the correct transmission of messages, nor does it collect the charges for such messages.

If subscribers desire to send telegrams by telephone, they must first arrange, by personal application at the offices of the Telegraph Company with which the Telephone Company may be connected, for the reception and transmission of their telegrams and payment of the charges.

Messages received by the Telegraph Company addressed to subscribers of the Telephone Company, can be transmitted to such subscribers within the exchange from the telephones placed in the Telegraph Company's offices, without additional charge to the subscriber. But the Telephone Company assumes no responsibility for the correct transmission of messages and does not collect the telegraph charges.

If subscribers desire that telegraph messages addressed to them be delivered by telephone, they should make application to the Telegraph Company for such delivery.

## PRIVATE LINE DEPARTMENT.

The Private Line Service provides for the connection by telephone, at small cost, of offices or apartments in public buildings, hotels and apartment blocks, office buildings, manufactories and stores, detached shops and offices of manufacturing establishments, farm buildings, house and stables, residences, mills or business houses, separated by a distance of twenty-five miles or less.

### SPEAKING TUBE SERVICE.

In order to meet the rapidly increasing demand for an inexpensive service for use in hotels, public buildings, stores, factories, manufacturing and business establishments of all kinds, especial attention has been given to the work of designing instruments and apparatus suitable for the rendering of the most efficient service, and we are now prepared to offer, at greatly reduced rates, the highest grade of telephone instruments and appliances for use in connection with our various systems.

One of the recent developments in telephony which presents many advantages over the ordinary methods commonly used, is that known as the "Common Battery System." For speaking tube service it has marked advantages over any other system yet devised, and will render the most excellent service. Instead of providing a separate battery for each instrument, as has been the custom heretofore, the entire plant is operated by a single set of batteries, which in many cases may not only be used for talking, but for calling purposes, thereby dispensing with the magneto generators.

These batteries may be located at any place where they can be easily kept in order, and a less number is required than in cases where a separate battery is used for each instrument, as is necessary when other systems are employed.

Upon application to any exchange, or to the Executive Office, the Company will be pleased to furnish additional information and to prepare estimates of the cost of installing the wires, instruments and apparatus.

As we use only the best materials, and employ only competent men for installing these systems, our patrons may be assured that all work will be done in a most thorough manner.

### INSTRUMENTS AND APPARATUS.

In view of the fact that telephone instruments are of necessity of delicate construction and peculiarly subject to accidental injuries and to defects which can be found and remedied only by experts, it is our opinion that the requirements of our patrons will be better satisfied by lease, thus securing to the lessee the privilege of returning defective instruments for replacement or repair, than by the sale of the limited portion of the telephone equipment which can be sold, and the assumption by the purchaser of risks of defects and the expense of repairs and depreciation.

Users of telephones and transmitters leased from this Company secure the advantages of inventions and improved instruments which are not the subject of sale.

As the style of instruments and apparatus required will depend upon the conditions under which the system is to be operated, each case should be considered separately, and for this reason we suggest that parties desiring to lease instruments for the purposes herein described make application to the general office of the Company, stating fully their requirements.

If further information should be desired, the Company will be pleased to furnish it, upon application to its Executive Office, 125 Milk Street, Boston, Mass., or by calling for Telephone, Boston, 782.

 A Descriptive Catalogue will be mailed free to any address upon request.

### SPECIAL NOTICE.

Employees, authorized to examine exchange or remove any of the Company's apparatus, are furnished with a badge of the following description:—A blue bell, bearing the Company's name, a number, and the word Inspector, designating the wearer's employment.

Subscribers are earnestly requested not to allow interference with their telephone instruments, unless the badge can be shown.

### EMERGENCIES.

In case of sickness, fire, or other serious emergency, it is the wish of the Company that the persons in charge of its offices shall extend such assistance to its subscribers in the way of summoning assistance or obtaining information as they can, consistently with the performance of their regular duties. But it is understood that such services are given only as an accommodation to the subscriber, for which the Company cannot assume a new responsibility of any nature.

### NON-SUBSCRIBERS.

Non-Subscribers desiring to make use of Telephone facilities can do so by applying at the Company's Central Offices and at Public Pay Stations, upon payment of the established rates for public use.

The use of subscribers' instruments by non-subscribers is not permitted, such use being in violation of the subscriber's contract.

Messenger service, when required, will be charged for in addition to the regular tariff rate.

If a Non-Subscriber wishes to use your Instrument,  
Please refer him to the nearest Public Pay Station or Central Office.

The New England Telephone and Telegraph Company assumes no liability whatever for damages accruing from errors or omissions in the making up or printing of this book.

## PUBLIC PAY STATIONS.

For the information and convenience of subscribers, Public Pay Stations are listed alphabetically under the names of the persons operating the stations. Such listing does not import free service for subscribers with such stations.

## SUBSCRIBERS ARE RESPECTFULLY REQUESTED TO REPORT TO THE MANAGER

Any instances of incivility on the part of the operators or inspectors of instruments. While it is our aim to suppress incivility on the part of the employees, it is suggested that courtesy is equally commendable, whether practiced by the telephone employe or the subscriber.

## OWING TO THE EXTREME SENSITIVENESS OF THE TELEPHONE

To many disturbing causes, even with the exercise of great care on the part of the Company's employees, the instruments may work unsatisfactorily without our knowledge, and we are in great measure dependent for information of defective service upon our subscribers, who are earnestly requested to report, at once, any failure to obtain prompt attention and efficient service.

## OWING TO THE EXTREME SENSITIVENESS OF THE TELEPHONE

To many disturbing causes, even with the exercise of great care on the part of the Company's employees, the instruments may work unsatisfactorily without our knowledge, and we are in great measure dependent for information of defective service upon our subscribers, who are earnestly requested to report at once any failure to obtain prompt attention and efficient service.

## HANG UP THE TELEPHONE LARGE END DOWNWARD

When the conversation has been finished, and give one short ring as a signal to disconnect the wires which you have just used. This is highly important. Until such disconnection is made you cannot call again nor can another party call you.

ROCHESTER, N. H.

## HANG UP THE TELEPHONE LARGE END DOWNWARD

When the conversation has been finished, and give one short ring as a signal to disconnect the wires which you have just used. This is highly important. Until such disconnection is made you cannot call again nor can another party call you.

## HANG UP THE TELEPHONE LARGE END DOWNWARD

When the conversation has been finished, and give one short ring as a signal to disconnect the wires which you have just used. This is highly important. Until such disconnection is made you cannot call again nor can another party call you.

# SOUND-PROOF TELEPHONE BOOTHS.

The increasing use of Long Distance Transmitters makes it desirable to use SOUND-PROOF Booths, not only in public stations but also in subscribers' offices.

The prices quoted below cover the Booths f. o. b. cars in Indiana. Freight rates to Boston points, \$5.00 to \$8.00, according to size of Booth.

## ALL INFORMATION DESIRED

Can be obtained by applying to the Supply Department of the New England Telephone and Telegraph Company, 42 Farnsworth Street, Boston, Mass.

Plate I. illustrates what are called Standards, Nos. 1 to 4, inclusive. They are made of either plain oak or with the outside of quartered oak; have interchangeable sides and plate glass.

## ***DIMENSIONS.***

Top, 50 1-2 x 61 inches.	Height outside, 8 feet, 1 inch.
Outside Floor Space, 46 1-2 x 57 inches.	Height inside, 6 feet, 11 inches.
Inside Floor Space, 38 x 48 inches.	

## ***PRICES.***

No. 1, Glass Front and Three Sides,	- - -	\$217.50
No. 2, Glass Front and Two Sides,	- - -	195.00
No. 3, Glass Front and One Side,	- - -	172.50
No. 4, Glass Front,	- - -	150.00

For Quartered Oak, add \$22.50.

Special discount to subscribers, for booths to be used with our instruments. Write for net prices.

## *Prices of Standard Fixtures.*

(Subject to change without notice.)

Standard Wilton Rugs for Booths Nos. 1 to 4,	-	-	\$8.25
Standard Wilton Rugs for Booth No. 5,	-	-	4.50
Standard Wilton Rugs for Booths Nos. 10 and 12,	-	-	6.00
Standard Wilton Rugs for Booths Nos. 15 and 16,	-	-	5.25
Standard Wilton Rugs for Booths Nos. 22, 30 and 40,	-	-	7.50
Brussels Rugs for Nos. 20, 20A and 25,	-	-	3.00
Standard Stools with Iron Bases and Oak Seats,	-	-	2.10
Silk Curtains, including adjustable fixtures, per pair,	-	-	3.00
Single Silk Curtains, including fixtures for side windows, each,			1.12½

The above prices are f. o. b. Peru, Indiana, and there is no discount therefrom.

### **STANDARD No. 1.**

**PLATE I.**

## No. 10 Special. Plate II.

The Booth illustrated, No. 10 Special, is in its sound-proof qualities equal to the "Standard" Booths, but of double strength glass of best quality instead of plate.

It is so constructed that it can be set up and taken down with a minimum of labor and without skill or the use of tools. The sides are interchangeable.

### ***DIMENSIONS.***

Top, 42½ x 48 inches.

Height outside, 7 feet, 2 inches.

Outside Floor Space, 39 x 44 inches.

Height inside, 6 feet, 9 inches.

Inside Floor Space, 32 x 37 inches.

### ***PRICES.***

No. 10 Special, Glass Front and Two Sides,	-	-	\$90.00
No. 10 Special, Glass Front and One Side,	-	-	82.50
For Quartered Oak, add \$15.00.			

## No. 12. Plate III.

No. 12 is identical in construction and dimension with the No. 10, but is made more ornamental by the addition of the small sash.

### ***PRICES.***

No. 12, Glass Front and Two Sides,	-	-	-	\$101.25
No. 12, Glass Front and One Side,	-	-	-	90.00
For Quartered Oak, add \$15.00.				

## No. 16. Plate IV.

No. 16 is a new style, presenting a very handsome appearance, and is well adapted for wall-cabinet sets. The doors are on the long side, and the glass is the best quality double strength.

### ***DIMENSIONS.***

Top, 31 1-2 x 47 inches.

Height outside, 7 feet, 10 inches.

Outside Floor Space, 33 x 43 1-2 inches.

Height inside, 6 feet, 9 inches.

Inside Floor Space, 26 x 36 inches.

### ***PRICES.***

No. 16, Glass Front and Two Sides,	-	-	-	\$105.00
No. 16, Glass Front and One Side,	-	-	-	93.75
For Quartered Oak, add \$15.00.				

## No. 20. Plate V.

No. 20 is a reduction of No. 10 Special by cutting off the small window at the side of the door. It is not quite so highly finished, but in other respects is equal to No. 10 in construction, and is especially adapted to toll stations in small places, and to offices and stores where but a limited space can be spared.

### *DIMENSIONS.*

Top, 36 1-2 x 42 1-2 inches. Height outside, 7 feet, 2 inches.  
 Outside Floor Space, 32 1-2 x 39 inches. Height inside, 6 feet, 7 1-2 inches.  
 Inside Floor Space, 26 x 31 1 2 inches.

### *PRICES.*

No. 20, Glass Front and Two Sides,	-	-	-	-	\$60.75
No. 20, Glass Front and One Side,	-	-	-	-	57.75

For Quartered Oak, add \$12.00.

## No. 30. Plate VI.

No. 30 in size and cost is between the Nos. 1 to 4 and the No. 10 special. Its material, construction and finish are of the very best.

### *DIMENSIONS.*

Top, 49 x 52 1-2 inches. Height outside, 7 feet, 10 1-2 inches.  
 Outside Floor Space, 45 1-4 x 48 3-4 in. Height inside, 6 feet, 9 inches.  
 Inside Floor Space, 38 x 42 inches.

### *PRICES.*

No. 30, Glass Front and Three Sides,	-	-	-	\$172.50
No. 30, Glass Front and Two Sides,	-	-	-	157.50
No. 30, Glass Front and One Side,	-	-	-	142.50

For Quartered Oak, add \$18.00.

## No. 40. Plate VII.

No. 40 is similar in construction to No. 30, but has a flat top and the door is located on the long side.

### *PRICES.*

No. 40, Glass Front and Three Sides,	-	-	-	\$140.25
No. 40, Glass Front and Two Sides,	-	-	-	123.75
No. 40, Glass Front and One Side,	-	-	-	107.25

For Quartered Oak, add \$18.00.

 one class of passengers. Best Berths only \$40.00 and upwards. 3 T. 8

New S. S. RYNDAM (building), 12,500 Tons. New S. S. NOORDAM (building), 12,500 Tons.

For Berths, Rates and Full Information, apply to

**F. O. HOUGHTON & CO., = General New England Agents,**  
 115 State St., cor. Broad St., BOSTON. Telephone 1359 Boston.

# Leyland Line. &

**BOSTON  
 .to.  
 LIVERPOOL.**

**First Cabin, \$50.00 and up.**

**THESE STEAMERS ARE APPOINTED TO SAIL FROM BOSTON EVERY WEDNESDAY,**  
**From Pier 6, Boston & Albany Docks, East Boston.**

These new and immense steamships are among the largest vessels sailing from Boston, with limited number  
 of staterooms for first cabin passengers only. No steerage carried. The staterooms are large and roomy, and are  
 located on the upper decks, thus insuring the best of ventilation.

The splendid new steamer **"WINIFREDIAN,"** 10,500 tons, 570 feet long, now in service. Others building  
 for season of 1900.

**F. O. HOUGHTON & CO., General Passenger Agents,**  
 115 State Street, cor. Broad Street, Boston.

# TELEPHONE BONDS

issued under proper restrictions by Licensee Companies

of the

## AMERICAN BELL TELEPHONE COMPANY

are desirable investments for trust funds.

We make a specialty of the bonds of such companies as have been first subjected on our behalf to a thorough legal, physical, and financial examination by experts of established reputation, and we are prepared to furnish full data regarding the properties of several prominent companies whose bonds we have purchased and offer for sale at prices to yield an attractive income upon the investment.

Many millions of telephone bonds are owned by financial institutions, trustees of estates, and individuals throughout the United States and Dominion of Canada.

We have prepared a brief history of the "Growth of the Telephone in the United States, 1880-1899," containing statistics relative to the vast sums of money invested in this industry as a basis of security for bond issues. and shall be pleased to mail copies to any address upon request.
